Team Communication Leader: N/A
Key Concepts Holder: N/A

1st Meeting:

Shane Thompson, Joe Near, Alec Walczak met with Prof Ajjarapu to discuss possible alternative projects with Alliant Energy. Wind Turbine project was abandoned. Alliant stated that they are interested but will take two to three weeks to develop a project for us.

Joe Near, Shane Thompson, Brad Bender, and Alec Walczak have reached out to other companies to see if they have anything for our team to use as a project. Joe Near has contacted Dashiell. Brad contacted ITC and Burns and Mac. Shane contacted Schneider Electric. Alec attempted to also contact Alliant.

Right now we do not have a client with a project ready, but we are working with Prof Ajjarapu to search for one on multiple fronts. Hopefully, we can get this resolved quickly.
