Weekly Accomplishments

- Met with Industry Client via Phone Conference

Updated our contact at Alliant Energy while clarifying concerns with the feeder data and project constraints.

- Finalized IEEE Feeder Data

Finished building the base case for the 13-Bus IEEE feeder, and sculpted a plan of attack.

Next Week's Objectives

- Run analysis on IEEE Feeder
- Sign NDA and acquire feeder data.
- Research and learn about the problems on a distribution feeder.

Pending Issues

- Need to get data soon to get project moving forward.
- Need to begin focus on end of the year presentation.
